

eTabeeb

(Doctor's Appointment Booking Solution)

Why Doctors need eTabeeb?

- Doctor will not have dependency over hospital for appointments.
- Always same number for appointments.
- No hassle for patients if Doctor change the hospital.

Basic Features

- Patients can call 24 hours a day at a specific Doctor's number and can book appointment.
- A same number will work for appointments of all hospitals.
- Patients name and their CLI will be saved in software. These numbers can be used for future reminders or information to patients.
- Doctors can view all appointments of different hospitals at a web page.
- Over the phone Doctors can know total number of appointments at each hospital

Advanced Features

- As new appointment is booked a sms will be sent to Doctor.
- If Doctor has to cancel all appointments then he can send cancellation auto dial or sms to all patients just by clicking a button.
