

eTabeeb

(Information portal for Patients)

Why Hospitals need eTabeeb?

- Often patients are unaware of available medical facilities in hospitals.
- Often patients are unaware of Doctor's new timings or his unavailability.
- Usually Hospitals have no proper way to save contact numbers of patients.

Basic Features

- On phone, latest timings and days of each doctor will be announced to patients.
- Details of new medical treatments for patients will be announced.
- Certain discounts can be communicated to patients.
- Patient's comments or suggestions can be recorded over the phone.
- If a doctor is unavailable for few days, it can be announced to patients.
- CLIs of each caller will be saved and viewable in web interface.
- Basic health tips can be played back to patients.

Advanced Features

- After discharging , automated reminders can be sent to patients by sms.
- In case of emergency, with a single click an auto call will be dialed to all required team members.
